

**Lotionized Hand Soap**

**Lemontin** is everything you expect from a quality hand cleaner. An effective, economical lotionized hand cleaner with blends of biodegradable surfactants that produces rich, copious suds. Excellent cleaning, yet gentle to the skin in hot or cold, hard or soft water. Will not harden in wall-mounted, push type dispensers. Remains effective and will not separate when diluted with water. Lemon scented.

**For All Washrooms** - *Lotion hand soap replaces expensive, messy bar soaps and powders.*

**Superb Cleansing** - *Effective, but gentle grease-cutting agent. It thoroughly cleans without stripping skin of its natural oils.*

**Helps Prevent Chapping** - *Absolutely neutral in action. Contains no harmful alkali.*

**Leaves No Sticky After Feel** - *The free-rinsing ingredients allow it to rinse away easily with water.*

**Biodegradable** - *Combines cleaning properties of an excellent soap with the emollients of a fine lotion. Produces a luxurious lather.*

**Concentrate** - *Can be used full strength or diluted 1:1 for economical hand soap.*
