

K13

NON-FLAMMABLE STRIPPER

A powerful liquid stripper which contains special emulsifiers, permitting easy removal of any finish by washing or rinsing where desired. This stripper is generally recommended for wood, metal or concrete surfaces. It is non flammable and easy to use.

PRODUCT CHARACTERISTICS

Removes Paint, Sealers & Finishes

Non Flammable

Fast Penetration

Ease of Application

May be Rinsed with Water

Will not Harm Surfaces

METHOD OF APPLICATION

Apply stripper liberally over surface. Allow penetration time until the finish softens, wrinkles or blisters. Flush with water to remove the old finish, wipe surface clean, allow to dry thoroughly before refinishing.

Baked on finishes or thick films may require more than one application. Always have adequate ventilation in room while using remover.

Because of its highly volatile nature, containers should be sealed or closed when not in use. Do not use in extremely hot or windy areas.

TECHNICAL DATA

Coverage: 200-300 sq. ft. per gallon, depending on type of finish and number of coats.

Contains methylene chloride and methanol. Precautions contained on label.
