

METAL BRITE

METAL CLEANER, POLISH
AND PROTECTANT

DESCRIPTION

A fast acting, non acid, non abrasive, foaming aerosol tarnish remover and polish which contains no petroleum distillates. Metal Brite restores original luster to: Brass, copper, stainless steel, bronze, silver, chrome, and aluminum. Contains a unique combination of corrosion inhibitors and metal deactivators which make treated surfaces tarnish resistant. The sealed aerosol container eliminates spilling or drying out as with liquid or cream type polishes.

Metal Brite is fortified with natural citrus oils for increased cleaning power, surface brilliance and a fresh orange fragrance.
