**UNPARALLELED  
PERFORMANCE.**

**UNMATCHED  
CONVENIENCE.**

**CHARGE IT WITH ELECTROSTATIC  
CLEANING POWER**

**The Victory Cordless Electrostatic Sprayer**  
Lightweight and portable, this 3.8 lb. professional electrostatic sprayer allows you to use less chemical and cover more surfaces in a fraction of the time of conventional sprayers! Cordless and quiet, this versatile sprayer features a 3-in-1 adjustable nozzle for different particle sizes. The 16.8V lithium-ion battery powers the unit for four continuous hours of use on a two-hour charge, and the removable tank holds 33.8 oz. of liquid. Also available in a backpack unit with 2.25 gal. tank for larger facilities.

**ENJOY THE BENEFITS OF  
A FASTER, BETTER CLEAN**

#### Uniform Coverage

Using an electrostatic spray system provides uniform coverage on areas that might otherwise be missed or forgotten during cleaning and disinfection.

#### Economical & Efficient

By applying cleaning solutions electrostatically, you use 65% less chemicals and get a 70% faster application rate!

#### Convenient Self-Contained Sprayer

Lightweight, portable, and battery-operated, with no cords or concerns for outlet type or location. The system is compact and quiet, making it ideal for use in any environment.
