

FASTER

Penetrating Lubricant (A1286-B12)

FASTER is formulated to quickly penetrate rust, corrosion and moisture. **FASTER** lubricates, cleans, penetrates and prevents rust. For use on motors, wire cable, rusted parts, ignition systems, machine parts, door hinges, locks, nuts and bolts, and refrigeration equipment. **FASTER** protects the properties of insulating substances and does away with wicking. The conductivity of commutators and contacts is protected by the formula. Can be used on either dry or wet surfaces. To ensure adequate protection, periodic checks should be made to determine the need for reapplication.

NOT AVAILABLE FOR SALE IN CALIFORNIA.

Meets MIL Spec C-23411

Directions: Spray liberally directly on area to be treated. Reapply periodically as required.

Health	2
Flammability	1
Reactivity	0
Protection	C
