# POWERZYME XTRA K285

**POWDERED  
BIO-ENZYMATIC  
FORMULA FORTIFIED  
WITH 7 STRAINS  
OF MICROBES**

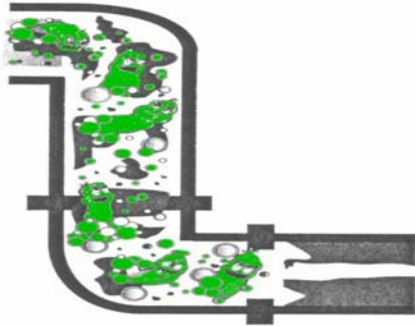

**All Natural Foaming  
Drain Opener, Maintainer & Descaler**

## DESCRIPTION

Floor and sink drains accumulate fats, oils, grease, food waste, calcium, lime, and scale. This results in slow moving drains, foul odors and a breeding ground for pests. Inevitably the drain will clog resulting in expensive plumbing services.

Common drain openers burn a small hole through the clog. This is generally a temporary solution that may result in damaged pipes.

*Powerzyme Xtra* creates 12 feet of foam that not only clears clogs but embeds the microbes and enzymes into the waste, clinging to the sides of the pipes. This allows for 24 hour activity to eliminate waste, scale and odors.

## FEATURES & BENEFITS

- A 100% all natural product that eliminates and prevents clogs caused by soap, hair, grease, food waste and other organic materials plus hard water deposits like calcium, lime, uric acid and scale in drain lines.
- Specialized enzymatic system allows for continuous digestion action.
- It creates a two-way foam that treats the drain line up to 12 feet.
- Fast-acting, powerful formula with no odors or fumes.
- Reduces pest infestation including drain flies.
- Odors are not masked but are eliminated at the source.
- Because of gravity, most drain cleaners collect at the bottom of pipes and therefore cannot remove waste on vertical pipes.
- It does not contain any acids, caustics or solvents.
- By using on a regular basis, drain lines will have 95-100% less blockages and clogs.
- Reduces labor of removing piping to clean.

## USES

- Tubs
- Toilets
- Urinals
- Sinks
- Humidifiers
- Dishwashers
- Floor Drains
- Slop Sinks
- Laundry Tubs
- Garbage Disposals
