

K39 KLEEN AWAY

Sulfuric Acid Drain Opener

Sewer & Drain Maintenance Quarts, Etc.

Kleen Away provides fast, potent action to clear blockages. Goes directly to the point of stoppage and quickly dissolves and liquefies grease, food residue, rags, sludge, soap, paper, sanitary napkins, hair, tea bags, coffee grounds and other organic obstructions. Owing its effectiveness to an exothermic reaction – actually reacts with both the water and the stoppage and works with hydrolytic action. **Kleen Away** will not affect septic tank activity.

Note: This powerful formulation may cause odors when penetrating certain materials. Use *Kayline K386 S.O.G Control* just after application of **Kleen Away** in small drains. This will act as an odor blanket to prevent odors.

FEATURES:

- * Twice As Heavy As Water To Penetrate Immediately To Clog
- * Ready-To-Use Liquid
- * Preventative & Corrective Drain Opener
- * Melts Away Stoppages In Seconds
- * Quickly Dissolves Organic Obstructions
- * Removes Lime & Rust Deposits
- * Stops Sewage Overflow
- * Economical
- * Harmless To Plumbing
- * Contains Inhibitors, Fast Activating Agents

USES:

Sinks, Toilets, Urinals, Cesspools, Grease Traps, Floor Drains, Slop Sinks, Drinking Fountains, Septic Tanks, Laundry Tubs
