

# K46 STRIKE OUT

## 7 Week Residual Roach & Ant Killer

## Insecticide Aerosols

**Strike Out** is an EPA registered residual crack and crevice insecticide spray. **Strike Out** drops a broad spectrum of insects on contact. This vanilla scented formulation contains esfenvalerate for residual control up to seven weeks and ETOC for quick knock down and flushing action. The dual action valve and spout allow for the product to be sprayed in a powerful straight stream that can be directed into hard to reach areas or less forceful mist pattern for use as a surface spray on baseboards, etc.

### FEATURES

- \* Fast Knockdown - Contains ETOC To Kill Bugs Instantly
- \* Keeps Working - Contains Esfenvalerate For Up To Seven Weeks Of Residual Killing Action
- \* Pleasant Vanilla Fragrance
- \* Convenient Aerosol Packaging
- \* Dual Action Valve & Spout Allows For Powerful Straight Stream Or Fan Spray
- \* Effective On A Wide Variety Of Crawling Insects

### USES:

Apartment Complexes, Warehouses, Schools, Office buildings, Homes, Institutions, Industrial Plants, Restaurants, Hotels, Motels
